DEMOCRATIC TICKET.

FOR CONGRESS,
HENRY D. ALLEN,
OF UNION COUNTY.

Aguinaldo proclaimed himself President of the Philippine republic on July 1.

Teddy Roosevelt has been moved up a notch and is now Col. Roosevelt. He has richly merited his promotion, even if he is a dude.

Two Nebraska soldiers of the second Manila expedition have died since leaving San Francisco, one at sea and the other at Honolulu.

Ulysses S. Grant III, now seven years old, wants to join Roosevelt's Rough Riders. He has recently been appointed a Cadet to West Point.

Democrats of the Eighth congressional district have the hottest race of their lives on hand. Mass-meetings will be held to-day in the various counties to select delegates to the district convention, to be held at Danville, Wednesday.

The Louisville Legion are highly indignant over the expressions of Gov. Bradley and Forrester alleging mismanagement of the First regiment's affairs. Line officers held a meeting to draw up resolutions applauding the action and management of Col. Castleman and denouncing the methods and conduct of Gov. Bradley.

A long list of promotions, covering many who took part in Santiago battles, were made Friday. All Brigadiers are made Major Generals. Col. Wood was made a Brigadier, and Roosevelt takes Wood's place. The following Brigadier Generals of Volunteers were promoted to be Major Generals: Hamilton Hawkins, Henry W. Lawton, Adna R. Chaffee, John C. Bates.

Hopkinsville's "boys" in the navy are being heard from as fast as opportunities are afforded them. Will Southerland in the scrap at Cienfuegos and later in capturing the Gallito distinguished himself, and Billy Bronaugh in helping to sink the Alphonso XII, a ship twice as big as the Castine, covered himself all over with glory. Cy Radford has manipulated some of the big guns of the Texas in hot fights all along from the beginning of the war to the destruction of Cervera's fleet. He has shown himself to be a brave and capable officer and has the stuff in him out of which heroes are made. Hopkinsville is proud of her "boys" in the navy.

The cessation of hostilities, the persistent rumors from every direction, the reticence of officials all indicate that peace negotiations are actually going on. The most significant thing yet is the following dispatch yesterday from Suez: "The ships of the third squadron re-entered the canal this afternoon, and are now returning to the other side. The cause of this sudden change of plans is not given out here." The return of this fleet shows that there has been a complete change of plans. It means that Spain is really to give up the fight. The war is about over.

Mr. J. Peyton Hobson, who was yesterday nominated by the Democrats of the Third appellate district, was born in Virginia fifty years ago and was graduated in 1870 at Washington University under the presidency of Gen. Robt. E. Lee. At that institution he showed himself a veritable "glutton for work"—a characteristic which he has continued to religiously maintain during the quarter of a century of his practice of the law at Elizabethtown. Judge Hobson would make a valuable addition to the learned and laboring force of the Kentucky Court of last resort.—Louisville Times.

These kind words spoken by the Times, indicate that Judge Hobson will receive the support of at least one of the Louisville papers that left the party three years ago. As the district is a close and doubtful one, the independent vote may hold the balance of power.

CLIPPED AND COMPILED.

A bank is to be started at Paint Lick.

Franklin has adopted a hog ordinance.

Lawrenceburg has an ordinance against dogs and cock fights.

The Lawrenceburg Christian church has purchased a pipe organ. Capt. John A. Williams, a resident in Newport since 1833, died, aged seventy-three.

Mike Sheehan, formerly of Franklin, is in jail at Decatur, Ala., on the charge of murder.

New Hope is becoming quite pious. Two of the three saloons have gone out of business.

Fourteen thousand bushels of this year's wheat crop sold in Madison county at sixty cents per bushels.

B. C. Cunningham, a railroad man, who is wanted for assaulting Miss Emma Dodd at Bowling Green, has been arrested.

Notice of contest has been filed in the Hartford local option election, and it is believed the vote will have to be taken again.

The Executive Committee of the National Fox Hunters' Association meets at Lexington to-day to decide on a time and place for the next hunt.

Private Ed Diamond was accidentally shot at Mayfield by Private Louis Fisher. Both men are members of the military company guarding Bob Blanks.

Charles Cavanaugh, the American gunner who fired the first shot at Manila, was born in Madison county, a son of Arch Cavanaugh, who now resides in Kansas.

The Lawrenceburg City Council is a friend of bicycle riders. An ordinance imposing a fine of \$2 has been adopted prohibiting the throwing of glass or tacks on the streets.

The preparations for the hanging of Tom Hayden at Hartford Monday for the murder of Bena Logan have about been completed. The execution will take place in an inclosure in the jail yard.

The Democratic Committee of Breckenridge county recommended to the State Board of Election Commissioners the Hon. D. H. Severs, James St. Clair and the Hon. Tice Jolly for County Election Commissioners under the Goebel law.

The revenue collections in the Hon. John W. Yerkes' district for the fiscal year ending June 30, 1898, aggregated \$2,218,046.12, as against \$1,682,193.97 for the year preceding. This is an increase of \$535,852.15, a very substantial gain, indeed, and indicative of much better times during the twelve past months.

Jo Buck Winfrey, who was born and reared in Columbia, was shot and instantly killed in Franklin, Robinson county, Tex., last Saturday afternoon. The deceased was a son of the late Maj. T. C. Winfrey and had resided in Texas about twelve years. A short while ago he was Deputy Sheriff of his county, but at the time of his death it is believed that he was employed in a grocery store.

Carrier Pigeon Shot.

About 4 o'clock last Wednesday Audley Elder, a small boy of Middleton, Ky., noticed a carrier-pigeon flying rapidly northward. A well aimed shot from a gun brought the bird to the earth. The boy was surprised to find around one leg a silver band with the following figures, "K57924. The band held in place a note as follows: "July 5, '98.—Ky. boys will get to smell powder. Brocon W. Henry."—Times.

The New York papers announce the marriage on last Saturday of Miss Ella McPherson, daughter of the late John R. McPherson, United States Senator from New Jersey, to Dr. Joseph Muir. Mrs. Muir is the heiress to an estate worth millions. Dr. Muir is a resident of New York city and a graduate of the New York University Medical School.

Gen. Greely has been notified that the big war balloon was practically ruined by Spanish bullets while taking observations over Santiago. Another will be sent.

The Knights of Honor of this place will give an ice cream supper at the college hall to-night.

Miss Retta Hendrix left yesterday to visit her sister in Nashville, Tenn.

Mr. C. M. Day and daughter, Eva, are spending a day or so in Pembroke.

Miss Sallie Drake, of Bowling Green, is visiting relatives here.

Solomon Smith and R. J. Cook engaged in a fight on the streets this evening. Cook was fined \$5.00 and costs, he being the aggressor, and Smith was released. Cook failed to satisfy the court with the amount and was sent to the lock-up.

Miss Fannie McCully, of Earlington, is visiting her brother here.

Luck Was With Him.

A brakeman named Billy Buckberry fell off an L. & N freight train at St. Bethlehem, Tenn., last night while in motion, but was so fortunate as to escape with some severe bruises. He will be unable to work for several days, but was not seriously hurt.

That Church Scandal.

The high stand taken by the bishops of the Southern Methodist church in regard to their claim against the government will command the admiration and respect of the people of the United States. The claim is unquestionably a just one, and the action of Congress, backed by a approval of the President, place the representatives of the government in a position where they can not dispute it.

This bishops are right in refusing to consider it as a gratuity given to charity. They are right in refusing to hold it if the Senate declares that it was obtained by false representation on the part of the book agents of the church or the lobbyist employed by them. The worst feature of it is the employment of Stahlman. It is not believed that he will refund a dollar. The money will have to be raised it is paid, by getting contributions from the poor and honest members of the church to repay the \$100,800 paid to Stahlman. The members of them and the general public are anxious to know where Dr. Barbee will stand when it is over.

He admits that he deceived Senators Bate and Pasco and concealed the truth from them when questioned about the matter of Stahlman's fee. The church can not relieve itself of responsibility for the ugly scandal which Stahlman and Barbee have brought on the church without dealing with them. With Stahlman it will not matter, but it is a serious matter for Dr. Barbee.—Dispatch.

The Book Concern Job.

Washington, July 9.—The Senate Committee on Claims yesterday made its report upon the investigation made by the committee into the payment of the claim of the Methodist Book Concern, and the payment to Major E. B. Stahlman of \$100,800 as an agent in getting the claim through.

The committee finds that the Senate was deceived by the representations of Mr. Stahlman and Messrs. Barbee & Smith, the book agents, but absolves the Methodist Church South as such from blame in the matter.

It is also found that no Senator or member of Congress received any money in connection with the claim. The testimony taken was also made public. The principal witnesses were Mr. Stahlman and Mr. Barbee.

Cervera.

Admiral Cervera's full name and title is Pascual de Cervera y Torpede Conde de Jerez, Marquis de Santa Anna. He is a nephew of Admiral Torpede, one of the old and most famous of Spanish naval officers. He is 65 years old. Cervera was at one time, in the sixties, attached to the Spanish Legation at Washington. During the ten years of Cuban war he was made Secretary of the Navy in the Cabinet of Spain, and was afterwards made an Admiral and placed in command of the battleship Pelayo, which was constructed according to his suggestion. It is said, however, that his promotions were due more to family influence than to any demonstration upon his part of superior ability, although he has proven himself capable in many positions. It is also stated that he is rather haughty and overbearing, and that he is not well liked by the men under his command.

SUICIDE IN SPRINGFIELD.

Prominent Politician Blows Out His Brains.

Springfield, July 9.—County Court Clerk J. W. Dean committed suicide yesterday by blowing out his brains.

Twenty minutes before the deed Mr. Dean was engaged in pleasant conversation, and appeared in his usual good spirits. Good-natured badinage was passed and Mr. Dean spoke confidently of his canvass and his chances for re-election.

After going to his office he sent his deputy, Henry Taylor, and his son, Lawrence, across the street on business connected with the office. The two returned in a few moments and, smelling powder, they outset to investigate it. Going into the vault room they found the suicide stretched in front of the gate, with a 36-calibre revolver lying between his legs. He had placed the barrel in his mouth and pulled the trigger, death being instantaneous. The ball passed out just behind the right ear.
